

Our Children are Extremely Happy

Tom & Michelle Sierakowski

Dear Friends and Family of Bishop Kelley School,

As I begin writing this testimonial, I seem to be at a loss for a specific moment or word to explain our personal meaning of our experience at Bishop Kelley. There have been so many wonderful experiences with staff and students that they are hard to put into words. Our children are extremely happy at this wonderful school. Our daughter, Kaitlyn, and son, Matthew are the third generation to attend Bishop Kelley. But above and beyond that, the personal relationship with God that is present and amazing academics takes precedent over that.

Having Christ based academics gives our children the advantage to be outstanding citizens and ambassadors as they grow in age and their relationship with God. Bishop Kelley children truly shine as students and also as adults because of the truly blessed experience that is the basis of the school.

Each day as we walk through the doors, it feels like a family atmosphere. Each teacher that we have experienced has taken the extra time and effort to make sure that our children are receiving the support and education that they need. There has never been a time that we could not receive an answer to a question, support when needed or just a smile to say "Good Morning" which truly makes Bishop Kelley a school in which to be considered for future children.

Blessings,
Tom and Michelle Sierakowski
